

Sustained Durability

Integrated silicone keypad and laser processing cover

Top-access I/O ports enable visual alignment and insertion

Adjustable height

Storage space

Elevated probe connectors with excellent transducer cable management

Ease-of-transportation

Consona N5

Diagnostic Ultrasound System

Clear Vision, Shared Health

Thanks to the high-end ZST+ platform, intelligent solutions, and the remarkable ergonomic design, Consona N5 delivers a reliable, smart, and stable ultrasound solution, making quality imaging and effective diagnosis accessible at an affordable total ownership cost.

Reliable Image Performance

Excellent Image Platform

The ZST+ platform is an extraordinary innovation, representing an ultrasound evolution. Transforming ultrasound metrics from conventional beam-forming to channel data based processing. It delivers exceptional image quality for infinite imaging solutions with non-stop improvements.

Outstanding Technologies

THI	iClear	iBeam	
HD Scope	Glazing flow	HR Flow	Contrast Imaging

Wide applications

Comprehensive Smartness

Smartness in Various Applications

Consona N5 offers dedicated intelligent solutions for various clinical applications. With its smart and advanced functions, it reduces doctors’ operational complexity while improving diagnostic efficiency and accuracy, making high-quality care smart and confidently accessible.

Smartness in Connection

In addition to intelligent clinical application solutions, Consona N5 provides smart connect solutions. It supports doctors in enhancing their professional skills and expanding their imaging services, empowering them to improve their imaging capabilities effectively.

Comprehensive image share solutions
